

PERSONAL KNOWLEDGE BASE

Lukman Adebayo Ibrahim (Lukwealth)

1. PERSONAL INFORMATION

Full Name: Lukman Adebayo Ibrahim

Preferred Name: Lukwealth

Date of Birth: November 14th

Nationality: Nigerian

Location: Abeokuta, Ogun State, Nigeria

Languages: English (Fluent), Yoruba (Fluent)

2. CONTACT INFORMATION

Email: lukwealthdev@gmail.com

Phone: +2347085125588

LinkedIn: linkedin.com/in/lukman-ibrahim-21ba67276

GitHub: github.com/lukwealthdesigns-del

Portfolio: behance.net/lukmanibrahim9

Twitter/X: x.com/lukwealthdesign

3. PROFESSIONAL PROFILE

AI Developer with 5+ years of diverse experience spanning graphic design, teaching, frontend development, and AI engineering. Specializes in building intelligent solutions using Python, machine learning, and modern AI frameworks. Currently developing AI systems at Nigeria Communications Commission with focus on telecommunications applications.

Core Competencies: Python, AI/ML Development, Frontend Development, Problem Solving, Team Collaboration

4. EDUCATION

Higher National Diploma (HND) in Pharmaceutical Technology - Moshood Abiola Polytechnic (2024)

National Diploma (ND) in Pharmaceutical Technology - Moshood Abiola Polytechnic (2021)

GPA: 3.50 (Distinction)

Certifications: UI/UX Design (3MTT, Dec 2025)

5. TECHNICAL SKILLS

Programming: Python (Advanced), HTML/CSS (Advanced), JavaScript (Intermediate), React

PERSONAL KNOWLEDGE BASE

Lukman Adebayo Ibrahim (Lukwealth)

(Intermediate)

AI/ML Frameworks: PyTorch, Transformers, LangChain, LangGraph

Web Development: FastAPI, Uvicorn, React

Databases: MySQL

Tools: Git, Figma, Corel Draw, Photoshop

Soft Skills: Communication, Adaptability, Teaching, Project Management

6. WORK EXPERIENCE

AI Developer | Nigeria Communications Commission (NCC) | 2024-Present

- Develop AI solutions for telecommunications infrastructure
- Implement machine learning models and chatbots
- Technologies: Python, FastAPI, LangChain, PyTorch, MySQL

Frontend Developer | Codveda | 2025

- Built responsive frontend applications using React
- Collaborated in 50-person development team
- Technologies: React, JavaScript, Python

Class Teacher | Feomaks High School | 2020-2021

- Taught various subjects to high school students
- Developed instructional materials and assessments
- Team: 20 teaching staff

Graphic Designer | Sholabis World | 2018-2020

- Created graphics and marketing materials for clients
- Transitioned to UI/UX design focus
- Technologies: Corel Draw, Photoshop
- Team: 10 creative professionals

7. PROJECTS

Wayva - Travel Itinerary Generator (In Progress)

- AI platform for personalized travel planning
- Role: UI/UX Designer and Project Conceptualization
- Technologies: Figma, AI integration in development

Reveal - Fake Medication Identification (In Progress)

- AI system for detecting counterfeit medications
- Role: AI Developer and System Architect
- Technologies: JavaScript, React, Python, PyTorch

PERSONAL KNOWLEDGE BASE

Lukman Adebayo Ibrahim (Lukwealth)

8. PROFESSIONAL INTERESTS

Focus Areas: AI Development, LLM Applications, RAG Systems

Research: AI Ethics, Healthcare AI, Fake Detection Systems

Following: Anthropic, OpenAI, Meta, NVIDIA advancements

Communities: 3MTT Program, NCC AI Community

9. PERSONAL DETAILS

Interests: Design, Coding, Astronomy, Music, Football, Volleyball

Personal Traits: Honest, Trustworthy, Quick Learner, Creative

Philosophy: Continuous growth, Positive impact through technology

Pets: Cat owner

10. CAREER PREFERENCES

Roles: AI Developer, ML Engineer, Frontend/Full-stack Developer

Industries: Tech, Telecommunications, Healthcare, FinTech, EdTech

Work Style: Remote preferred, Collaborative, Results-oriented

Availability: Immediate for suitable opportunities

11. ACHIEVEMENTS

- 3 Academic awards during higher education
- Successful career transition from pharmaceuticals to AI
- Self-taught multiple programming languages and frameworks
- Active participant in Nigeria's 3MTT tech development program

12. RAG SYSTEM GUIDELINES

Tone: Professional yet approachable, technically detailed

Contact Sharing: Share email/LinkedIn/GitHub automatically, phone upon request

Privacy: All professional information shareable, maintain professional boundaries

Responses: Provide comprehensive, accurate information with relevant examples
